STALLION HOSPITAL CHALLENGE

A Hospital Wellness Partnership — Stallion Marathon, Chapter 1

14 MARCH 2027 | **LEMERIAN WORKIN PVT LTD**
BANJARA HILLS, HYDERABAD

HOW'S YOUR HORSE POWER?

1 WHY YOUR HOSPITAL SHOULD JOIN

Public recognition
and brand association with Stallion Marathon, Chapter I.

A team-building opportunity
for your staff.

Positioning as a hospital
genuinely invested in staff wellness — fitting, coming from those who look after everyone else's health.

Brand visibility
across the event and its promotion.

A positive public image,
reinforced by media coverage.

Workshop access for your staff,
across Stallion's BODY / MIND / EDGE tracks.

The full range of standard Stallion Marathon benefits
for every staff member who takes part.

2 HOW THE CHALLENGE WORKS

Hospitals are grouped into three categories by headcount, covering institutions of every size:

HOSPITAL SIZE	STAFF HEADCOUNT
Category A	10,000+ staff
Category B	5,000 – 10,000 staff
Category C	1,000 – 5,000 staff

Within each category, the HR whose hospital brings in the most staff bookings for the marathon wins that category — so there are three winning HRs in total, one per category, each competing only against hospitals of a similar size.

3 THE HR's ROLE

Motivate your staff to take part — and keep motivating them.

Reinforce why physical wellbeing matters, and position the Stallion Marathon as more than a single race day: it's a holistic, two-month programme of workshops covering physical, mental, emotional and skills development, building up to the run itself on 14th March.

The more staff an HR brings to the start line, the stronger their hospital's standing in the Challenge.

Lemerian Workin Pvt Ltd handles every piece of on-ground logistics — posters, setup, banners — so an HR's energy goes entirely into getting people motivated, not into organising the event.
