02. OVERVIEW

The Stallion Marathon is a multi-distance community run hosted by Lemerian Workin Café, India's first Workin Café. It is built on one idea: **everyone carries a strength they have never fully let loose.** The run is where they find it.

The marathon takes its identity from the stallion — a symbol of raw power, freedom and pedigree — carrying forward the **Khoj Khud Ki** (discover yourself) story that sits at the heart of everything Lemerian does.

03. THE CONCEPT

Theme

Khoj Khud Ki — the search for one's own strength.

Metaphor

A stallion is not born tamed. Its power is natural, and what it chooses to do with it is its own. The run asks participants to stop holding back, whatever their distance or pace.

Why It Fits Lemerian

Lemerian Workin Café is a place where people have rebuilt their work and their confidence. The marathon extends that story from the café into the city, with the café as the start line, finish line and home base.

Tone

Emotional, storytelling-led and inspiring, with a premium sport feel. Lemerian is positioned as a beacon of light and hope.

A RUN WHERE YOU

FIND YOUR STRENGTH.

05 | THE RUN — VISION COPY

BORN TO RUN, FREE.

A stallion is never tamed — only trained. It channels its strength instead of losing it, and that discipline is what turns raw power into a clean, fast stride.

High-performing professionals carry the same instinct, and ignore it just as often. Deadlines come first, symptoms get waved off, and by the time the body insists on being heard, the cost has already shown up everywhere — in focus, in output, in the work itself.

Stallion is built on a simple belief: the sharpest minds belong in the strongest bodies. On 14th March 2027, Hyderabad's working professionals trade the desk for the start line — not to escape the grind, but to meet it stronger. On-ground health check-ups with practising doctors catch what a packed calendar lets slide, and a full field of distances means there's a pace for whoever shows up, whatever shape they arrive in.

"The strongest stride is still the one you choose for yourself."

09 | WORKSHOPS

Workshops run separately from race day. They are sold as an add-on while participants buy their run package — reaching people who want more than the run itself, and adding revenue per participant without crowding the race schedule.

Eleven sessions across three tracks, built for the working body and the working mind:

BODY

— 3 sessions —

- Diet for a working day
- Physical wellbeing
- Self-defence

MIND

— 4 sessions —

- Beating short attention span
- Cognitive intelligence
- Psychological wellbeing
- How gratitude makes you a millionaire

EDGE

— 4 sessions —

- How to pitch and sell
- Internships
- Protecting your data from cybercrime
- Handling bullies

> ***"High performers deprioritise health first — and can least afford to lose it."***

Symptoms get waved off until they aren't small anymore, and by then the cost shows up in output too. A sound body carries a sound mind, and a sound mind builds a productive workforce — the whole premise Stallion runs on.

10. THE VIP CIRCLE

BLACK STALLION CIRCLE | ₹50,000

The VIP tier is not a race entry. It is founding patronage of Chapter I: a one-time, limited, numbered seat at the start of something new. Chapter I can never be repeated, and early patrons carry that status permanently.

25 NUMBERED SEATS

Stallion #01–#25
Founding Stallion status

WHAT THE BUYER GETS

- Private lounge at Lemerian on race day, with a dedicated host
- Pre-run dinner or breakfast with the founder, the team, sponsors and workshop speakers
- Workshops included
- Personalised bib and finisher keepsake
- Coffee hamper from the Lemerian sourcing model
- Lemerian coworking pass or café credit after the event
- Name on the Lemerian wall, in the brochure and on the event page
- Photography and video they can reuse

WHY ₹50,000 IS JUSTIFIED

01 Founding status
Chapter I is a one-time window, and rates will rise for Chapter II.

02 Access
The room matters as much as the run: founders, sponsors, media and speakers in one place.

03 Scarcity
Only 25 seats, stated publicly, with numbered ownership.

04 Visibility
For companies, recognition, content and a media mention make this cheaper than a typical sponsorship.

05 Purpose
Every seat funds something specific and verifiable, such as sponsored participants or workshops.

06 Personalisation
A named host, a custom bib and a handwritten note make the buyer feel looked after.

07 Lasting value
The coworking pass and coffee hamper outlast the day.

08 Team value
A corporate bundle of 2 to 4 seats works as a leadership wellness experience.

PITCH LINE

"Stallions aren't born tamed. They're untamed by choice. Twenty-five people will stand at the front of Chapter I. Stallion # — is yours."

LIKELY OBJECTION

"Why not just donate ₹50,000?" — Because the VIP seat is the donation plus the experience, the network and the recognition.

PRICING STRUCTURE

The full ladder runs: race entries, then premium entries with workshops, then the VIP Circle at ₹50,000. The middle tiers anchor the top one, so it reads as the top of a scale rather than an outlier.

11. AUDIENCE & LEAD GENERATION

General runners

Hyderabad's running and fitness community, using the 1 to 21 KM range so every level has an entry point.

Students

College events, including a stall at the GRIET GDGOC event, with two 6-foot flyers anchoring the stall. Table size, water and charging outlets (with wattage) to be confirmed with organisers.

Corporates

Team entries and VIP bundles, positioned as team wellness and employer branding.

Founders and HNIs

The VIP Circle, sold through personal outreach rather than public ads.

12. SPONSORS, MEDIA & THE PROOF STORY

Sponsors and media find it hard to believe that India's first Workin Café exists and has changed lives. The answer is evidence.
