STALLION

MARATHON

CHAPTER I

HOW'S YOUR HORSE POWER?

14 MARCH 2027 | GACHIBOWLI STADIUM,
HYDERABAD

02. OVERVIEW

CAMPAIGN CONCEPT & POSITIONING

A marathon led by horsepower energy, with multiple workshops surrounding it for more than two months — built to increase work efficiency.

The campaign runs in three phases: workshops, then the Stallion Marathon itself, then more workshops, so a partnership isn't a single race-day appearance but a sustained, multi-month presence.

The marathon takes its identity from the stallion — a symbol of raw power, freedom and pedigree — carrying forward the **Khoj Khud Ki** (discover yourself) story that sits at the heart of everything Lemerian does.

2. HOW THE CHALLENGE WORKS

Companies are grouped into three categories by headcount, covering organisations of every size:

CATEGORY A	CATEGORY B	CATEGORY C
10,000+ employees	**5,000 - 10,000** employees	**1,000 - 5,000** employees

Across all three categories combined, there is a single overall winner: the HR whose company brings in the most employee bookings for the marathon — not one winner per category, but **one winning HR overall.**

3. THE HR'S ROLE

- Motivate your employees to take part — and keep motivating them.
- Reinforce why physical wellbeing matters, and position the Stallion Marathon as more than a single race day: it's a holistic, two-month programme of workshops covering physical, mental, emotional and skills development, building up to the run itself on 14th March.
- The more employees an HR brings to the start line, the stronger their company's standing in the Challenge.
- Lemerian Workin Café handles every piece of on-ground logistics — posters, setup, banners — so an HR's energy goes entirely into getting people motivated, not into organising the event.

OUR CAUSES

Stallion Marathon supports **animal care**, **proper burial of animals**, and **education charity.**

2 VIP passes: one for the HR and one for the Category C executive.

For the Winning Company

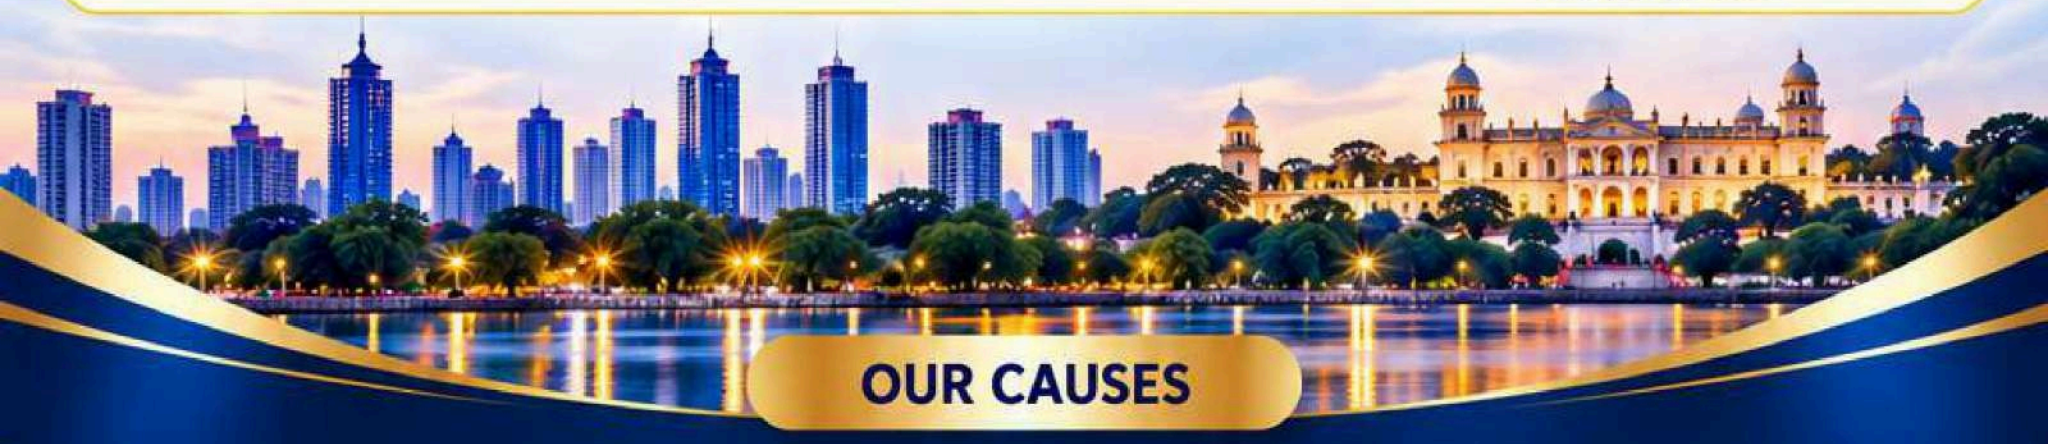

A trophy

A company mention on stage at the event.

Special-edition medals for their participating employees.

OUR CAUSES

Stallion Marathon supports **animal care, proper burial of animals,** and **education charity.**

THE COMMITMENT

Five commitments. One belief: we can do more.

01 FOR EVERY STRAY.

Compassion doesn't stop at our own door.

FREE treatment for sick and injured strays, and when the weather worsens, we give them a dignified burial — instead of letting them be forgotten on the streets.

- **Medical Treatment**
- **Street Rescue**
- **A Dignified Goodbye**

02 A CHILD'S CHANCE.

Every missed school year is a door that gets a little harder to open again.

A child's education is often the difference between a family's income, a child's safety and their future. We provide stationery kits and contribute towards school fees for a limited number of students each year, prioritising those who would otherwise be pushed out of class.

- **Stationery Kits**
- **School Fee Support**
- **A Chance to Stay in Class**

An efficient India needs a healthy India. A healthy India needs a caring one.

None of this makes headlines. It just happens quietly, for as long as people care.
